

# JUSTIN NEGARD

**Designer**  
**Creative Director**  
**Photographer**  
**Author**

Timeless design is simple design. Through a delicate yet deliberate usage of design elements, all work can capture any viewer's interest and create a lasting image. Simplicity makes a brand into something more, something classic. It becomes a part of a culture. This is the goal all designers should strive for.

## WORK

**Negard has worked with** the National Parks Service, Columbia University, Liza Minelli, Vintage Cinemas, Chris McMillan and many other large & small businesses.

**As a designer**, Negard works in website design, branding, logos, magazine & book covers, posters, package design, and any form of advertising material.

**As a photographer**, Negard works in portrait, food, product, architecture, and photo journalism.

**As a creative director**, Negard works with CityMouse Inc. to build online experiences that are fully accessible to all people with disabilities.
